
**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**
Washington, D.C. 20549

FORM 10-Q

**Quarterly Report Pursuant to Section 13 or 15(d)
of the Securities Exchange Act of 1934**

For the quarterly period ended March 31, 2013

Commission File Number: 1-12997

MAXIMUS, INC.

(Exact name of registrant as specified in its charter)

Virginia
(State or other jurisdiction of
incorporation or organization)

54-1000588
(I.R.S. Employer
Identification No.)

**1891 Metro Center Drive
Reston, Virginia**
(Address of principal executive offices)

20190
(Zip Code)

(703) 251-8500
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definition of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of April 30, 2013, there were 34,155,217 shares of the registrant's common stock (no par value) outstanding.

MAXIMUS, Inc.

Quarterly Report on Form 10-Q
For the Quarter Ended March 31, 2013

INDEX

PART I. FINANCIAL INFORMATION

Item 1.	Consolidated Financial Statements	3
	Consolidated Statements of Operations for the Three Months and Six Months Ended March 31, 2013 and 2012 (unaudited)	3
	Consolidated Balance Sheets as of March 31, 2013 (unaudited) and September 30, 2012	5
	Consolidated Statements of Cash Flows for the Six Months Ended March 31, 2013 and 2012 (unaudited)	6
	Notes to Unaudited Consolidated Financial Statements	7
Item 2.	Management's Discussion and Analysis of Financial Condition and Results of Operations	13

Item 3.	Quantitative and Qualitative Disclosures about Market Risk	19

Signatures		21
Exhibit Index		22

Throughout this Quarterly Report on Form 10-Q, the terms “Company”, “we,” “us,” “our” and “MAXIMUS” refer to MAXIMUS, Inc. and its subsidiaries.

SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

Included in this Quarterly Report on Form 10-Q are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on current expectations, estimates, forecasts and projections about our company, the industry in which we operate and other matters, as well as management’s beliefs and assumptions and other statements that are not historical facts. Words such as “anticipate,” “believe,” “could,” “expect,” “estimate,” “intend,” “may,” “opportunity,” “plan,” “potential,” “project,” “should,” and “will” and similar expressions are intended to identify forward-looking statements and convey uncertainty of future events or outcomes. These statements are not guarantees and involve risks, uncertainties and assumptions that are difficult to predict. Actual outcomes and results may differ materially from such forward- looking statements due to a number of factors, including without limitation,

- a failure on our part to comply with federal, state or local laws governing our business, which might result in us being subject to fines, penalties and other sanctions;
- a failure to meet performance requirements in our contracts, which might lead to contract termination and liquidated damages;
- the outcome of reviews or audits by federal, state and local governments, which might result in financial penalties and reduce our ability to respond to invitations for new work;
- matters related to businesses we have disposed of, discontinued or divested;
- other factors set forth in Exhibit 99.1 of our Annual Report on Form 10-K for the year ended September 30, 2012, filed with the Securities and Exchange Commission on November 16, 2012.

As a result of these and other factors, our past financial performance should not be relied on as an indication of future performance. Additionally, we caution investors not to place undue reliance on any forward-looking statements as these statements speak only as of the date when made. Except as otherwise required by law, we undertake no obligation to publicly update or revise any forward-looking statements, whether resulting from new information, future events or otherwise.

MAXIMUS, Inc.

Notes to Unaudited Consolidated Financial Statements
For the Three and Six Months Ended March 31, 2013 and 2012

1. Organization and Basis of Presentation

General

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The results of operations for the three and six months ended March 31, 2013 are not necessarily indicative of the results that may be expected for the full fiscal year. The balance sheet at September 30, 2012 has been derived from the audited financial statements at that date but does not include all of the information and notes required by generally accepted accounting principles for complete financial statements. Certain financial results have been reclassified to conform with the current period presentation.

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities and the reported amounts of revenue and expenses. On an ongoing basis, we evaluate our estimates including those related to revenue recognition and cost estimation on certain contracts, the valuation of goodwill, and amounts related to income taxes, certain accrued liabilities and contingencies and litigation. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results could differ from those estimates.

These financial statements should be read in conjunction with the consolidated audited financial statements and the notes thereto at September 30, 2012 and 2011 and for each of the three years ended September 30, 2012, included in the Company's Annual Report on Form 10-K for the year ended September 30, 2012 filed with the Securities and Exchange Commission on November 16, 2012.

3. Earnings Per Share

The following table sets forth the components of basic and diluted earnings (loss) per share (in thousands):

	Three Months Ended March 31,		Six Months Ended March 31,	
	2013	2012	2013	2012
Numerator:				
Income from continuing operations	\$ 31,714	\$ 14,211	\$ 53,497	\$ 31,869
Income (loss) from discontinued operations	(25)	62	(492)	108
Net income	<u>\$ 31,689</u>	<u>\$ 14,273</u>	<u>\$ 53,005</u>	<u>\$ 31,977</u>
Denominator:				

Basic weighted average shares outstanding	34,089	33,788	34,085	33,725
Effect of dilutive securities:				
Employee stock options and unvested restricted stock units	865	940	832	913
Denominator for diluted earnings (loss) per share	<u>34,954</u>	<u>34,728</u>	<u>34,917</u>	<u>34,638</u>

No shares were excluded from the computation in calculating the earnings per share for the three or six months ended March 31, 2013 or 2012.

4. Credit facilities

On March 15, 2013, the Company entered into an unsecured five-year revolving credit agreement (the "Credit Agreement"). The Credit Agreement amends and restates the Company's existing revolving credit agreement entered into in January 2008. The Credit Agreement provides for a revolving line of credit up to \$100 million which may be used for revolving loans, swingline loans, subject to a sublimit of \$5 million, and to request letters of credit, subject to a sublimit of \$30 million. The line of credit is available for general corporate purposes, including working capital expenses, capital expenditures and acquisitions. The arrangement terminates on March 15, 2018, at which time all outstanding borrowings must be repaid.

The interest rates under the Credit Agreement are floating rates that, at the Company's option, equal a base rate, a Eurodollar rate or an index rate plus, in each case, an applicable percentage based upon the Company's total leverage ratio.

At March 31, 2013, the Company's only borrowings under the Credit Agreement were five letters of credit totaling \$15.5 million. These letters of credit may be called by customers in the event that the Company defaults under the terms of a contract, the probability of which we believe is remote. In addition, two letters of credit totaling \$3.0 million are held with another financial institution to cover similar obligations.

The Credit Agreement requires the Company to comply with certain financial covenants including a maximum total leverage ratio and a minimum fixed charge coverage ratio. The Company was in compliance with all covenants as of March 31, 2013. The obligations of the Company under the Credit Agreement are guaranteed by material domestic subsidiaries of the Company. In the event that the Company's total leverage ratio exceeds 2.5:1.0 or the Company incurs a certain level of indebtedness outside of the Credit Agreement, the Credit Agreement will become secured by the assets of the Company and certain of its subsidiaries. At March 31, 2013, our total leverage ratio was less than 0.5:1.0.

In addition to this credit facility, the Company has a loan agreement with the Atlantic Innovation Fund of Canada. This provides for a loan of up to 1.8 million Canadian Dollars, which must be used for specific technology-based research and development. The loan has no interest charge. This balance is repayable in 37 remaining quarterly installments. At March 31, 2013, \$1.6 million (1.6 million Canadian Dollars) was outstanding under this agreement.

Certain contracts require us to provide a surety bond as a guarantee of performance. At March 31, 2013 and September 30, 2012, the Company had performance bond commitments totaling \$47.4 million and \$48.0 million, respectively. These bonds are typically renewed annually and remain in place until the contractual obligations have been satisfied. Although the triggering events vary from contract to contract, in general, we would only be liable for the amount of these guarantees in the event of default in our performance of our obligations under each contract, the probability of which we believe is remote.

9

[Table of Contents](#)

5. PSI acquisition

On April 30, 2012 (the acquisition date), the Company acquired 100% of the share capital of PSI Services Holding, Inc. and its wholly-owned subsidiary, Policy Studies, Inc. (PSI) for cash consideration of \$63.4 million.

PSI supports government clients in the administration of a number of health and human services programs exclusively within the United States. MAXIMUS acquired PSI, among other reasons, to strengthen its leadership in the administration of public health and human services programs. The acquired assets and business have been integrated into the Company's Health Services and Human Services segments.

The assets and liabilities of PSI are recorded in the Company's financial statements at their fair values as of the date of the acquisition. An initial valuation was performed at September 30, 2012 and this valuation has been updated through March 31, 2013 (below, in thousands):

	Purchase Price Allocation		
	Updated through September 30, 2012	Adjustments	Updated through March 31, 2013
Accounts receivable and unbilled receivables	\$ 23,017	\$ —	\$ 23,017
Other current assets	9,527	—	9,527
Deferred income taxes	1,931	198	2,129
Property and equipment	6,411	—	6,411
Other assets	1,332	—	1,332
Intangible assets	22,183	—	22,183
Total identifiable assets acquired	64,401	198	64,599
Accounts payable and other liabilities	20,666	—	20,666
Deferred revenue	19,696	79	19,775
Total liabilities assumed	40,362	79	40,441
Net identifiable assets acquired	24,039	119	24,158
Goodwill	39,161	129	39,290
Net assets acquired	<u>\$ 63,200</u>	<u>\$ 248</u>	<u>\$ 63,448</u>

The Company has completed its valuation of the assets and liabilities acquired. The identifiable assets acquired and liabilities assumed were recognized and measured as of the acquisition date based upon their estimated fair values. The excess of the acquisition date fair value of consideration over the estimated fair value of the net assets acquired was recorded as goodwill and allocated to the Company's two segments, Health Services and Human Services, based upon the respective valuations of the businesses. The Company considers the goodwill to represent a number of potential strategic and financial benefits that are expected to be realized as a result of the acquisition, including, but not limited to bringing new capabilities to MAXIMUS and the assembled workforce. Goodwill is not expected to be deductible for tax purposes.

Included in the purchase price allocation are deferred taxes related to a net operating loss carryforward of \$10.5 million.

6. Goodwill and Intangible Assets

The changes in goodwill for the six months ended March 31, 2013 are as follows (in thousands):

	Health Services	Human Services	Total
Balance as of September 30, 2012	\$ 63,517	\$ 48,515	\$ 112,032
Changes to allocation of PSI purchase price	65	64	129
Foreign currency translation	(268)	(223)	(491)
Balance as of March 31, 2013	<u>\$ 63,314</u>	<u>\$ 48,356</u>	<u>\$ 111,670</u>

The following table sets forth the components of intangible assets (in thousands):

	As of March 31, 2013			As of September 30, 2012		
	Cost	Accumulated Amortization	Intangible Assets, net	Cost	Accumulated Amortization	Intangible Assets, net
Customer contracts and relationships	\$ 19,313	\$ 3,589	\$ 15,724	\$ 20,167	\$ 3,082	\$ 17,085
Technology based intangible assets	8,981	5,419	3,562	9,114	4,909	4,205
Trademark	4,429	894	3,535	4,450	497	3,953
Non-compete arrangements	246	193	53	254	167	87
Total	<u>\$ 32,969</u>	<u>\$ 10,095</u>	<u>\$ 22,874</u>	<u>\$ 33,985</u>	<u>\$ 8,655</u>	<u>\$ 25,330</u>

The Company's intangible assets have a weighted average remaining life of 6.0 years, comprising 6.7 years for customer contracts and relationships, 4.4 years for technology-based intangible assets, 4.4 years for the trademark, and 0.8 years for non-compete arrangements. Amortization expense for the six months ended March 31, 2013 and 2012 was \$2.3 million and \$0.6 million, respectively. Estimated future amortization expense is as follows (in thousands):

Six months ended September 30, 2013	\$ 2,245
Year ended September 30, 2014	3,948
Year ended September 30, 2015	3,873
Year ended September 30, 2016	3,816
Year ended September 30, 2017	3,416
Year ended September 30, 2018	2,716
Thereafter	2,860
Total	<u>\$ 22,874</u>

7. Commitments and Contingencies*Litigation*

The Company is involved in various legal proceedings, including the matters described below, in the ordinary course of its business.

In March 2009, a state Medicaid agency asserted a claim against MAXIMUS, related to a discontinued business line, in the amount of \$2.3 million in connection with a contract MAXIMUS had through February 1, 2009 to provide Medicaid administrative claiming services to school districts in the state. MAXIMUS entered into separate agreements with the school districts under which MAXIMUS helped the districts prepare and submit claims to the state Medicaid agency which, in turn, submitted claims for reimbursement to the federal government. No legal action has been initiated. The state has asserted that its agreement with MAXIMUS requires the Company to reimburse the state for the amounts owed to the federal government. However, the Company's agreements with the school districts require them to reimburse MAXIMUS for such payments and therefore MAXIMUS believes the school districts are responsible for any amounts disallowed by the state Medicaid agency or the federal government. Accordingly, the Company believes its exposure in this matter is limited to its fees associated with this work and that the school districts will be responsible for the remainder. MAXIMUS has exited the federal healthcare claiming business and no longer provides the services at issue in this matter.

In 2008 MAXIMUS sold the SchoolMAX student information system business line as part of the divestiture of the MAXIMUS Education Systems division. In 2011, a school district ("District") which was a SchoolMAX client initiated the dispute resolution process under their contract. The District raised a number of issues pertaining to services and products delivered under the contract. In April 2012, the District filed a formal arbitration notice alleging that MAXIMUS and the buyer failed to (i) use best practices in developing the software and (ii) deliver and test product releases as required by the contract. The District contended that those failures resulted in damages of at least \$10 million. In December 2012, the arbitration panel denied the District's claims in their entirety. Costs related to the arbitration proceeding have been included in the current period as discontinued operations. The District has filed a motion to vacate the decision of the arbitration panel. In late 2012, the District asserted that MAXIMUS had defrauded the District in 2007 or 2008 by misrepresenting its intentions regarding the sale of the Education Systems division. That allegation was not part of the arbitration, and no formal claim or lawsuit has been filed. The company believes it has a number of defenses to that allegation and would contest it vigorously if it were asserted.

Flexible New Deal contract liabilities and contingent gains

In August 2009, the Company commenced work for the United Kingdom government as a provider of services under the "Flexible New Deal," a welfare-to-work initiative. The work was performed in the Company's Human Services Segment. This initiative was terminated for all contract providers during the 2011 fiscal year and replaced with the "Work Programme," under which MAXIMUS also performs services. As part of the Flexible New Deal contract, MAXIMUS was entitled to reimbursement for costs incurred as a consequence of early termination, as well as a contract settlement for payments the Company would have received for realizing certain long-term goals under the contract. During the six month period ended March 31, 2012, the Company received a one-time settlement payment of \$2.7 million for revenue foregone and \$1.7 million of cost recoveries, net of subcontractor expenses.

Acquired loss-making contract

As part of the acquisition of PSI in April 2012, the Company acquired a systems-integration contract which was anticipated to record significant future losses. The fair value of the obligation to provide these services at a loss was calculated and recorded on the Company's balance sheet at acquisition as deferred revenue of \$15.1 million.

In February 2013, the Company received a formal notice of termination for convenience for this contract. The work was terminated as part of a broad, state-wide

initiative to focus resources on a select number of projects.

With the termination of this agreement, the Company will reimburse the client for certain funds received and will provide services in consideration for the termination. All other obligations to provide services have been extinguished and no material future costs will be incurred. Accordingly, revenue of \$16.0 million has been recognized in the three and six month period ended March 31, 2013. In addition, costs of \$5.1 million, including costs which had been deferred, were recognized in this period for an operating profit of \$10.9 million.

8. Stock Repurchase Programs

Under a resolution adopted in November 2011, the Board of Directors authorized the repurchase, at management's discretion, of up to an aggregate of \$125.0 million of the Company's common stock. The resolution also authorized the use of option exercise proceeds for the repurchase of the Company's common stock. During the six months ended March 31, 2013, the Company repurchased 249,549 common shares at a cost of \$14.6 million. The amount available for future repurchases was \$114.6 million at March 31, 2013.

During the six month period ended March 31, 2012, the Company repurchased 236,700 common shares at a cost of \$8.8 million. These purchases were authorized by a share repurchase plan previously adopted by the Board of Directors and replaced by the plan adopted in November 2011.

9. Recent accounting pronouncements

In 2011, the FASB issued new accounting guidance that simplifies goodwill impairment tests. The new guidance states that a "qualitative" assessment may be performed to determine whether further impairment testing is necessary. We will adopt this accounting standard upon its effective date, which for us will be this current fiscal year. We do not anticipate that this adoption will have a significant impact on our financial position or results of operations.

10. Subsequent Events

Dividend

On April 5, 2013, the Company's Board of Directors declared a quarterly cash dividend of \$0.09 for each share of the Company's common stock outstanding. The dividend is payable on May 31, 2013, to shareholders of record on May 15, 2013.

On April 16, 2013, the Company's Board of Directors declared a two-for-one stock split in the form of a dividend of one share for each outstanding share. The dividend is payable on June 28, 2013, to shareholders of record on June 14, 2013.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of financial condition and results of operations is provided to enhance the understanding of, and should be read in conjunction with, our Consolidated Financial Statements and related Notes included both herein and in our Annual Report on Form 10-K for the year ended September 30, 2012, filed with the Securities and Exchange Commission on November 16, 2012.

Business Overview

We provide business process outsourcing services to government health and human services agencies under our mission of *Helping Government Serve the People*.[®] Our business is focused almost exclusively on administering government-sponsored programs. Founded in 1975, we are one of the largest pure-play health and human services administrative providers to governments in the United States, Australia, Canada, the United Kingdom and Saudi Arabia. We use our expertise, experience and advanced technological solutions to help government agencies run efficient, cost-effective programs and to improve program accountability, while enhancing the quality of services provided to program beneficiaries.

The Company is managed through two segments, Health Services and Human Services. The Health Services Segment provides a variety of business process outsourcing and administrative support services, as well as consulting services for state, provincial and federal programs, such as Medicaid, CHIP, Medicare, and the British Columbia Health Insurance Program. The Human Services Segment includes a variety of business process outsourcing, case management, job training, and support services for programs such as welfare-to-work programs, child support enforcement, K-12 special education, and other specialized consulting services.

Within the United States, the Company's core competencies place it in a strong position to assist governments with many of the facets of the Affordable Care Act, as well as other health and human services initiatives. Many states are proceeding with the provision of health insurance exchanges and addressing other requirements mandated by law. These changes, coupled with other federal mandates and local initiatives, place a significant burden on state governments at a time of increasing demand for critical services from the most vulnerable members of society. Many states have taken steps to control costs and increase the effectiveness of their social programs, such as Medicaid by shifting more populations to managed care, increasing co-pays, reducing provider rates, and modifying benefits. As more populations shift into Medicaid managed care, demand for our administrative services and program volumes generally increases.

International governments have unique local issues to address in addition to general global economic factors. Our international contracts are typically driven by welfare reforms designed to better manage resources and our compensation under these contracts is frequently tied to our ability to move people off public benefits and into long-term employment. Companies like MAXIMUS may benefit from the need for governments to reform certain benefits programs.

Diluted earnings per share	\$	0.91	\$	0.41	\$	1.52	\$	0.92

The following provides an overview of the significant elements of our Consolidated Statements of Operations. As each of our business segments have different factors driving revenue growth and profitability, the sections that follow cover these segments in greater detail.

The results for the three and six month periods ended March 31, 2013 were affected by a one-time benefit from the termination of a system-integration contract acquired with PSI. This termination resulted in one-time, non-cash benefits to revenue and operating profit of \$16.0 million and \$10.9 million, respectively. Although contract terminations for convenience do occur within our business, they are infrequent. In addition, this termination is unusual due to the significant effect of the transaction, which is highly unlikely to be repeated, as it involves deferred revenue from the PSI acquisition and does not reflect the underlying business operations of the Company. Accordingly, we discuss below the results of the business both including and excluding the effect of this contract termination. We believe the presentation of revenue, operating income, operating margins and earnings per share excluding the effect of this contract termination provide a useful basis for assessing the Company's performance compared to prior periods or our competitors. However, these numbers are "non-GAAP" numbers and are not meant to be considered in isolation or as alternatives to their GAAP equivalents as measures of performance.

Revenue for the three month period ended March 31, 2013 increased 34.1% to \$326.4 million, compared to the comparative period in the prior year. Of this growth, 15.2% was driven by organic growth, approximately 12.7% was driven by contracts acquired with the acquisition of PSI and 6.6% was driven by the contract termination discussed above. The effects of currency translation compared to the prior year comparative period reduced revenues by approximately \$1.0 million, or 0.4%. Revenue for the six months ended March 31, 2013 increased 26.8% to \$612.6 million, compared to the comparative period in the prior year. Of this growth, approximately 13.4% was driven by contracts acquired with the acquisition of PSI, 9.9% was driven by organic growth and 3.3% was driven by the contract termination. The effects of currency fluctuations year-over-year were insignificant. Both segments experienced organic growth. The principal drivers of the changes in the segments are discussed in more detail below.

[Table of Contents](#)

Sales pipeline at March 31, 2013 was \$2.3 billion, compared to \$2.7 billion at December 31, 2012. The sales pipeline only reflects opportunities where the request for proposal (RFP) is expected to be released within the next six months. Under most circumstances, contract opportunities that are carried within the pipeline reflect the base contract value and do not include future option periods. Option periods are typically reported in the pipeline six months before they are eligible to be exercised. For contracts with the United States Federal Government, it is common to see a single year base contract with multiple options, whereas state, local and international contracts typically have longer base periods.

Selling, general and administrative expense (SG&A) consists of costs related to general management, marketing and administration. These costs include salaries, benefits, bid and proposal efforts, travel, recruiting, continuing education, employee training, non-chargeable labor costs, facilities costs, printing, reproduction, communications, equipment depreciation, intangible amortization and legal expenses incurred in the ordinary course of business. SG&A as a percentage of revenue has declined in the quarter ended March 31, 2013, compared with the prior year. This decline is primarily driven by the benefit of the contract termination revenue as well as a significant amount of bid and proposal expenses in the prior period.

Acquisition-related expenses relate to the costs incurred directly as a consequence of the acquisition of PSI. The costs incurred in fiscal 2012 are principally legal fees related to the acquisition of the business. The charges in fiscal 2013 are principally severance charges.

Legal and settlement expenses/(recoveries), net consists of costs related to significant legal settlements and non-routine legal matters, including future probable legal costs estimated to be incurred in connection with those matters, net of reimbursed insurance settlements. Legal expenses incurred in the ordinary course of business are included in selling, general and administrative expense. In fiscal 2012, the Company received the benefit of insurance recoveries related to a 2008 arbitration settlement. The Company is not anticipating any further recoveries at this time.

Operating income from continuing operations increased 85% to \$50.7 million for the three months ended March 31, 2013 compared to the same period in the prior year. If the effect of the contract termination noted above is excluded, operating income growth would have been 45%. Operating income from continuing operations increased 56% to \$84.8 million for the six months ended March 31, 2013 compared to the comparative period in the prior year. Excluding the effect of the contract termination noted above, growth would have been 36%. These increases were driven by the acquisition of PSI and organic growth in both segments.

Interest and other income, net includes interest earned on cash and cash equivalents and on a note received by the Company for the disposal of a business in fiscal 2008. The balance also includes immaterial foreign exchange gains and losses and the noncontrolling interest of our operations in Saudi Arabia. Almost all of the income recorded represents income from interest on cash accounts in overseas jurisdictions.

The provision for income taxes in the three and six months ended March 31, 2013 was \$19.7 million and \$33.0 million, respectively, reflecting effective tax rates of 38.3% and 38.2%, respectively. The comparative tax rates in fiscal 2012 were higher owing to the correction of an immaterial error of \$1.6 million related to prior years.

Income from continuing operations, net of income taxes, was \$31.7 million, or \$0.91 per diluted share, for the three months ended March 31, 2013, compared with \$14.2 million, or \$0.41 per diluted share, for the same period in fiscal year 2012. For the six month periods ended March 31, 2013 and 2012, income from continuing operations, net of income taxes was \$53.5 million and \$31.9 million, or \$1.53 and \$0.92 per diluted share, respectively. For the periods ending March 31, 2013, net income and diluted earnings per share included the one-time benefits of \$6.5 million and \$0.19, respectively, from the contract termination noted above.

Health Services

(dollars in thousands)	Three Months Ended March 31,		Six Months Ended March 31,	
	2013	2012	2013	2012
Revenue	\$ 197,948	\$ 161,170	\$ 373,946	\$ 319,213
Gross profit	54,651	41,137	99,910	77,136
Operating income	28,909	18,202	49,535	34,985
Operating margin percentage	14.6%	11.3%	13.2%	11.0%

Revenue increased by 22.8% and 17.1% for the three and six month periods ended March 31, 2013, compared with the comparative periods in fiscal year 2012. The majority of the increases in both periods were driven by organic growth from new contracts, including work associated with state health insurance exchanges and strong volumes in our Federal Medicare appeals business. This organic growth increased revenue in the health segment by 15.3% and 9.1% for the three and six month periods ended March 31, 2013, compared with the comparative period in the prior fiscal year. The balance of the growth was driven by the acquisition of PSI, which took place in the third quarter of fiscal 2012.

15

Table of Contents

Operating margin in fiscal 2012 was tempered by margin dilution from a contract that experienced a temporary spike in low-margin revenue due to the customer's initiative to expand Medicaid managed care and the effect of a number of new programs in start-up phase, which typically result in lower margins or losses during start-up.

Human Services

(dollars in thousands)	Three Months Ended March 31,		Six Months Ended March 31,	
	2013	2012	2013	2012
Revenue	\$ 128,403	\$ 82,282	\$ 238,671	\$ 163,842
Gross profit	42,793	23,629	74,064	47,477
Operating income	21,459	8,605	35,141	18,913
Operating margin percentage	16.7%	10.5%	14.7%	11.5%

Revenues increased 56.1% and 45.7% for the three and six month periods ended March 31, 2013, compared to the same periods in fiscal year 2012. Of this growth, 22.7% and 24.2% was driven by revenues related to contracts acquired with PSI, 14.9% and 11.3% was driven by organic growth and 19.5% and 9.8% was driven by the contract termination noted above. This revenue growth affected by currency fluctuations, which reduced revenue by 1.1% for the three month period ended March 31, 2013, compared to the comparable period in the prior year, but increased revenue marginally over the six month period ended March 31, 2013.

Organic growth was driven by our international welfare-to-work businesses, including the anticipated ramp-up of the United Kingdom business and new work in Canada and Saudi Arabia. Within the United Kingdom, we recognize revenues related to both our ability to place jobseekers in sustained employment over a period of time, typically periods in excess of three or six months, as well as receiving fixed fees for managing individuals seeking work for a period of time. During fiscal 2012, the contract had only just started and, accordingly, the Company had both a small population of individuals with which to work and had not had sufficient time to earn significant fees for successful sustained employment outcomes. During fiscal year 2013, the contract has matured to the point where populations have reached the period of sustained employment where revenue can be recognized.

The operating profit margin for the three and six months ended March 31, 2013 has received a significant benefit from the termination of the project. Excluding this transaction, the Company would have recorded an operating profit margin of 9.4% and 10.9% for the respective periods. A reconciliation to these non-GAAP numbers is provided below.

(dollars in thousands)	Three Months Ended March 31, 2013	Six Months Ended March 31, 2013
Revenue	\$ 128,403	\$ 238,671
Less revenue from terminated contract	(16,035)	(16,035)
Revenue excluding terminated contract	\$ 112,368	\$ 222,636
Operating income	\$ 21,459	\$ 35,141
Less operating income from terminated contract	(10,900)	(10,900)
Operating income excluding terminated contract	\$ 10,559	\$ 24,241
Operating margin percentage excluding terminated contract	9.4%	10.9%

Discontinued operations

During fiscal year 2013, the Company incurred \$1.0 million related to arbitration proceedings pertaining to a discontinued operation.

During fiscal years 2012 and 2013, the Company recorded gains on sale from the disposal of a business in 2008. The terms of the sale included a promissory note. At March 31, 2013, the promissory note had a value of \$3.4 million and is fully reserved. No further payments are certain at this time. The Company recorded pre-tax gains of \$0.1 million in the three month periods ended March 31, 2013 and 2012 and recorded pre-tax gains of \$0.2 million and \$0.1 million for the six month periods ended March 31, 2013 and 2012, respectively.

16

Liquidity and Capital Resources

In March 2013, the Company entered into an unsecured, five-year revolving credit agreement (the "Credit Agreement") with SunTrust Robinson Humphrey as arranger and book manager with Bank of America N.A. and HSBC USA N.A. as co-syndication agents. The Credit Agreement provides for a revolving line of credit up to \$100 million and is available for general corporate purposes including working capital expenses, capital expenditures and certain permitted acquisitions. The Credit Agreement charges borrowings at a base rate, a Eurodollar rate or an index rate plus an applicable percentage based upon the Company's total leverage ratio. The Company is required to comply with certain financial covenants, including a maximum leverage ratio and a minimum fixed charge ratio, as well as customary restrictions on liens, sales of assets, restrictive agreements, affiliate transactions and other matters. In the event that the Company's total leverage ratio equals or exceeds 2.5:1.0, the Credit Agreement also includes restrictions or limits on the Company's ability to incur or guarantee additional indebtedness, make loans or investments, declare dividends or buy back common stock. At March 31, 2013, the Company was in compliance with all covenants. At March 31, 2013, the Company's only indebtedness under the Credit Agreement relates to letters of credit of \$15.5 million, which is consistent with the balance outstanding at September 30, 2012. Accordingly, the Company has access to up to \$84.5 million of funds from the Credit Agreement. The Company's only other indebtedness comprises two letters of credit totaling \$3.0 million (\$3.0 million at September 30, 2012) and a \$1.6 million (\$1.7 million at September 30, 2012) interest-free loan from the Atlantic Innovation Fund of Canada, the proceeds of which must be used for specific purposes.

At March 31, 2013, the Company held \$187.3 million in cash and cash equivalents. Approximately 70% of these funds are held in overseas locations. If we were to transfer these funds to the United States, the Company would be required to accrue and pay additional taxes. We do not intend to repatriate these funds and, accordingly, we have not attempted to quantify the charges which might arise if we were to make this transaction. The charges would vary based upon tax legislation in the United States and the other overseas jurisdictions as well as the manner and timing in which MAXIMUS would make these transactions.

In general, although some overseas locations have required initial investment, the Company has been able to utilize cash flows from operations to fund working capital and capital expenditure requirements in all locations in which it has operated and the Company continues to expect that this will be the case. In addition, domestic cash flows have been sufficient to cover operating requirements as well as dividends, share repurchases and acquisitions. The principal source of these cash inflows are payments from customers, the timing of which may be driven by billing schedules and payment terms. Where contracts are performance-based, a project may experience cash outflows for several quarters before cash inflows are received. In addition, the Company has faced short-term delays in payments from certain customers, typically domestic customers, all of which were ultimately recovered. The Company believes that the combination of strong cash flows, large cash balances and access to the new credit facility should be sufficient to maintain liquidity in the event of protracted delays in payments although extended payment delays would adversely affect cash flows and the Company's costs.

Cash Flows

(dollars in thousands)	Six Months Ended March 31,	
	2013	2012
Net cash provided by (used in):		
Operating activities — continuing operations	\$ 39,494	\$ 69,038
Operating activities — discontinued operations	(554)	—
Investing activities — continuing operations	(18,039)	(5,896)
Financing activities — continuing operations	(21,866)	(11,613)
Effect of exchange rate changes on cash and cash equivalents	(1,004)	5,058
Net increase (decrease) in cash and cash equivalents	\$ (1,969)	\$ 56,587

Cash provided by operating activities from continuing operations for the six months ended March 31, 2013 was \$39.5 million, compared with \$69.0 million in the same period in fiscal year 2012. The decline is driven by a combination of increased working capital from the growth of the business as well as payment delays from two large contracts in the United States. The delays relate to administrative delays on the part of the clients. However, we anticipate the payment process to improve during the fiscal year.

Cash flows from discontinued operations relate to arbitration expenses incurred in addressing legal matters for a discontinued line of business.

Cash used in investing activities from continuing operations for the six months ended March 31, 2013 was \$18.0 million, compared to \$5.9 million for the same period in fiscal year 2012. The increase was caused by increased property plant & equipment and capitalized software from new project start-ups, the acquisition of PSI and general corporate growth.

Cash used in financing activities from continuing operations for the six months ended March 31, 2013 was \$21.9 million, compared to \$11.6 million for the same period in fiscal year 2012. The principal driver of the increase was an increase of \$5.7 million for share repurchases of common stock, an increase of \$3.6 million related to employee tax withholding on restricted stock units and a reduction of \$3.0 million of funds received from employee stock transactions. In the first half of fiscal 2012, 300,000 stock options were exercised, compared with 125,000 stock options in the first half of fiscal 2013. Cash flows related to employee tax withholding on restricted stock units also increased, offset by increased tax benefits from restricted stock releases and option exercises. These increases were both driven by the increase in the MAXIMUS stock price.

The Company's cash balance decreased by \$1.0 million in the six-month period ended March 31, 2013 owing to foreign exchange rate fluctuations. The principal driver of this change was the weakening of the British Pound against the United States Dollar.

To supplement our statements of cash flows presented on a GAAP basis, we use the non-GAAP measure of free cash flows from continuing operations to analyze the funds generated from operations. We believe free cash flow from continuing operations is a useful basis for comparing our performance with our competitors. The presentation of non-GAAP free cash flows from continuing operations is not meant to be considered in isolation, or as an alternative to net income as an indicator of performance, or as an alternative to cash flows from operating activities as a measure of liquidity. We calculate free cash flow from continuing operations as follows:

(dollars in thousands)	Six Months Ended March 31,	
	2013	2012
Cash provided by operating activities — continuing operations	\$ 39,494	\$ 69,038
Purchases of property and equipment	(13,351)	(6,576)
Capitalized software costs	(8,240)	(1,832)
Free cash flow from continuing operations	\$ 17,903	\$ 60,630

Repurchases of the Company's common stock

Under a resolution adopted in November 2011, the Board of Directors has authorized the repurchase, at management's discretion, of up to an aggregate of \$125.0 million of the Company's common stock. The resolution also authorizes the use of option exercise proceeds for the repurchase of the Company's common stock. During the three months ended December 31, 2012, the Company repurchased 249,549 common shares at a cost of \$14.6 million. No repurchases occurred during the three month period ended March 31, 2013. At March 31, 2013, \$114.6 million is available for future stock repurchases. Under an earlier repurchase plan, the Company repurchased 236,700 common shares at a cost of \$8.8 million, during the six month period ended March 31, 2012.

Letters of Credit and Performance Bonds

Certain contracts require us to provide a letter of credit or a surety bond as a guarantee of performance. At March 31, 2013, the Company had letters of credit totaling \$18.5 million and performance bond commitments totaling \$47.4 million. These letters of credit and performance bonds are typically renewed annually and remain in place until the contractual obligations have been satisfied. Although the triggering events vary from contract to contract, in general, we would only be liable for the amount of these guarantees in the event of default in our performance of our obligations under each contract, the probability of which we believe is remote.

Dividend

On April 5, 2013, the Company's Board of Directors declared a quarterly cash dividend of \$0.09 for each share of the Company's common stock outstanding. The dividend is payable on May 31, 2013, to shareholders of record on May 15, 2013.

On April 16, 2013, the Company's Board of Directors declared a two-for-one stock split in the form of a dividend of one share for each outstanding share. The dividend is payable on June 28, 2013, to shareholders of record on June 14, 2013.

Critical Accounting Policies and Estimates

Our discussion and analysis of financial condition and results of operations are based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities and the reported amounts of revenue and expenses. On an ongoing basis, we evaluate our estimates including those related to revenue recognition and cost estimation on certain contracts, the realizability of goodwill, and amounts related to income taxes, certain accrued liabilities and contingencies and litigation. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results could differ from those estimates.

We believe that we do not have material off-balance-sheet risk or exposure to liabilities that are not recorded or disclosed in our financial statements. While we have significant operating lease commitments for office space, those commitments are generally tied to the period of performance under related contracts. Additionally, although on certain contracts we are bound by performance bond commitments and standby letters of credit, we have not had any defaults resulting in draws on performance bonds. Also, we do not speculate in derivative transactions.

During the three months ended March 31, 2013, there were no significant changes to the critical accounting policies we disclosed in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended September 30, 2012.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

We believe that our exposure to market risk related to the effect of changes in interest rates, foreign currency exchange rates, commodity prices and other market risks with regard to instruments entered into for trading or for other purposes is immaterial.

There have been no material changes in the information presented in Item 7A of our Annual Report on Form 10-K for the year ended September 30, 2012.

Item 4. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer concluded that these disclosure controls and procedures were effective and designed to ensure that the information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) identified in connection with the evaluation of our internal control that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings.

The Company is involved in various legal proceedings, including contract and employment claims, in the ordinary course of its business. The matters reported on below involve significant pending or potential claims against us.

In March 2009, a state Medicaid agency asserted a claim against MAXIMUS, related to a discontinued business line, in the amount of \$2.3 million in connection with a contract MAXIMUS had through February 1, 2009 to provide Medicaid administrative claiming services to school districts in the state. MAXIMUS entered into separate agreements with the school districts under which MAXIMUS helped the districts prepare and submit claims to the state Medicaid agency which, in turn, submitted claims for reimbursement to the federal government. No legal action has been initiated. The state has asserted that its agreement with MAXIMUS requires the Company to

reimburse the state for the amounts owed to the federal government. However, the Company's agreements with the school districts require them to reimburse MAXIMUS for such payments and therefore MAXIMUS believes the school districts are responsible for any amounts disallowed by the state Medicaid agency or the federal government. Accordingly, the Company believes its exposure in this matter is limited to its fees associated with this work and that the school districts will be responsible for the remainder. MAXIMUS has exited the federal healthcare claiming business and no longer provides the services at issue in this matter.

[Table of Contents](#)

In 2008 MAXIMUS sold the SchoolMAX student information system business line as part of the divestiture of the MAXIMUS Education Systems division. In 2011, a school district ("District") which was a SchoolMAX client initiated the dispute resolution process under their contract. The District raised a number of issues pertaining to services and products delivered under the contract. In April 2012, the District filed a formal arbitration notice alleging that MAXIMUS and the buyer failed to (i) use best practices in developing the software and (ii) deliver and test product releases as required by the contract. The District contended that those failures resulted in damages of at least \$10 million. In December 2012, the arbitration panel denied the District's claims in their entirety. Costs related to the arbitration proceeding have been included in the current period as discontinued operations. The District has filed a motion to vacate the decision of the arbitration panel. In late 2012, the District asserted that MAXIMUS had defrauded the District in 2007 or 2008 by misrepresenting its intentions regarding the sale of the Education Systems division. That allegation was not part of the arbitration, and no formal claim or lawsuit has been filed. The company believes it has a number of defenses to that allegation and would contest it vigorously if it were asserted.

Item 1A. Risk Factors.

In connection with information set forth in this Form 10-Q, the factors discussed under "Risk Factors" in our Form 10-K for fiscal year ended September 30, 2012 should be considered. The risks included in the Form 10-K could materially and adversely affect our business, financial condition and results of operations. There have been no material changes to the factors discussed in our Form 10-K.

Item 6. Exhibits.

The Exhibits filed as part of this Quarterly Report on Form 10-Q are listed on the Exhibit Index immediately following the Signatures. The Exhibit Index is incorporated herein by reference.

ARTICLES OF AMENDMENT
OF
AMENDED AND RESTATED
ARTICLES OF INCORPORATION

Pursuant to Section 13.1-710 of the Virginia Stock Corporation Act under Title 13.1, Chapter 9 of the Code of Virginia, the undersigned, on behalf of the corporation set forth below, states as follows:

1. The name of the Corporation is MAXIMUS, Inc.
2. The first sentence of Article SECOND of the Amended and Restated Articles of Incorporation of the corporation is hereby deleted and replaced with the following sentence:

“The Corporation is authorized to issue 100,000,000 Shares of Common Stock.”
3. This amendment was adopted by the Corporation on March 20, 2013.
4. The Board of Directors found that this amendment was in the best interests of the Corporation and directed that it be submitted to shareholders in accordance with the provisions of Title 13.1, Chapter 9 of the Code of Virginia. The shareholders approved this amendment, which required shareholder approval, at its annual meeting of shareholders held on March 20, 2013 (the “Meeting”). At the Meeting, holders of 32,836,132 shares of the Common Stock of the Corporation were present in person or represented by proxy, which represented a majority in interest of all of the shares of the Corporation’s Common Stock issued and outstanding and entitled to vote on this amendment. Only holders of shares of the Common Stock of the Corporation on January 14, 2013, the record date fixed by the Board of Directors, were entitled to vote on this amendment. The number of shares outstanding on the record date, the number of shares entitled to vote on the proposed amendment and the number of shares voted for and against the amendment were as follows:

Number of shares outstanding:	34,085,937
Number of shares entitled to vote:	34,085,937
Number of shares voted for:	26,438,254
Number of shares voted against:	6,391,391

The number of votes cast in favor of the amendment by the shareholders of the Common Stock of the Corporation was sufficient for approval.

The undersigned General Counsel and Secretary of the Corporation, declares that the facts herein stated are true as of March 27, 2013.

MAXIMUS, Inc.

By: /s/ David R. Francis
Name: David R. Francis
Title: General Counsel and Secretary

Certification Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Richard A. Montoni, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of MAXIMUS, Inc. for the period ended March 31, 2013;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
